

**Sample itinerary – Water in the Riverina (one-day tour)**

<b>Day 1</b>			
9.00	Leeton Visitors' Centre	View video on agriculture in Riverina and discussion with staff Taste Riverina	
10.00	Visit Gogeldrie Weir	Demonstration of the extent of the engineering and operational systems of the Murrumbidgee Irrigation Area.	
11.00	Water on the Farm	Visit a commercial farm dependent upon water to produce food or fibre. Farm selected according to season.	
12.00	Water in the Factory	Visit a food or fibre processing plant utilising dependable supplies of water. Site chosen according to season.	
Lunch		Restaurant in Griffith or Leeton or Narrandera according to availability - and your budget.	
1.15	Water in the Towns	Visit a municipal water cleansing operation for a Riverina town's domestic water supplies.	
2.15	Eco-system Maintenance	Visit an important wetlands area necessary for survival of various migratory and sedentary species of wildlife.	
2.30	Water for fun.	Visit an important site for recreational water use.	
3.30	End tour		

If your group takes this tour on a Friday, we have some great suggestions for spending a Saturday and perhaps Sunday making good recreational use of Murrumbidgee River water.
